## AIRPORT WORKERS UNITED

**"Congress: Fix Air Travel for Passengers and Airport Service Workers!"**

### Good Jobs for Good Airports

Labor Day has come and gone, but supporting workers continues! The FAA Reauthorization bill is in the US Senate right now!

IN4WS been working closely w/ SEIU's national team because Airport Workers United included Good Jobs for Good Airports fair wage and benefits standards to the bill. This passing of this bill would make positive changes for workers and their families. **The opportunity???** For **clergy, faith leaders and orgs to make an impact on the direction of the vote.** Simply share why you, as a faith leader and/or organization, believe it is important for this bill to pass with these standards.

**Details** about how to send a note of support and share our IN4WS Support Letter with your Senator are located at, [bit.ly/in4ws2023toolkitsite](http://bit.ly/in4ws2023toolkitsite).

## AFL-CIO: NURSING HOME STAFFING STANDARDS

SEIU, Consumer Voice and the AFL-CIO are asking for support for stronger staffing standards in nursing homes. "Just about everyone in America has a loved one in a nursing home, knows someone who works in a nursing home, or recognizes that they may need nursing home care in the future."

The Department of Health and Human Services MUST know that a strong minimum staffing standard is critical to improve the quality of care and the quality of jobs in nursing homes. **Sign their support letter here.** Click the source link below to find out how to show your support.

Be on the look out for more info. and reflections about extending honor and care to the older adults we love , as well as those who care for them.
